Address:	Patrick Ndungu Syayipuma
Phone:	+256752510897
Mail:	patrick ndungu Syayipuma <syandupa@gmail.com>
WhatsApp:	
Start Date:	Fish 2018, Nursery, Welding project and Brick 2017
Products:	Fish, Seedlings, Gulveria-6000; kayapu-6000; coffee-5000; eucleptus-4000; kiskusuthi-5000. musizi-7000; caciacia-2000; neam-2000. Knowledge, Skills and Machines in the Skill center, Bricks for guest house
Staff:	Skilling project: 5 – fish: 10 – Brick: 15 – Nursery bed 6
Marketing	Lokal network
Process of production:	Fish pond: The group has constructed a fish pond and bring fresh water from the closed stream. They gave them till now only natural foot like leaves. Nursery bed: Skill centre: One professional educates 17 youth in welding and fabrication (constructing machines, like maize mills) Bricks making: The Bricks are made for a guesthouse which the base-group is planning.
Delivering system:	Local
Problems:	Each project needs more funds
Support from donors:	-----
Planned Investments:	Extend to 3 fish ponds – nets to protect the fish from the birds. Skill center want by more machines and training materials. Building a guest house
Result:	The economical situation of the group is improving steadily The youth are learning important practical skills But also the Group members can learn a lot (Fish keeping, create seedlings, make bricks)
